*0 of 0 people found the following review helpful. Efficient studying*  
*By Lauren**This book was really helpful to use as a review after each chapter. The outlines are helpful. However, the questions are the most helpful. When used in conjunction, it's hard to miss any material for exams. This should definitely be used as a supplement.*  
*0 of 0 people found the following review helpful. Great product*  
*By Rissal**I bought this for a class I am taking this semester thinking it was the book but turned out being just the study guide. That was MY mistake but a good one because it will be a great asset for me while taking the class. It came in great condition and exactly as described*
